**Subject:** RE: City of New Orleans - Lowerline/Coolidge Radiation Project

David,

Thanks for the follow up call. Glad to hear AAR will be transferring over the raw data to you to synthesize and send over to EPA.

Greg F.,

Thanks again for all your help. Look forward to the Weston Solutions memo being prepared for you to include in an Action Memo for your superiors to potentially fund clean up.

Have a good day!

Cheryn

Greg and Kelly,

Weston Solutions is EPA's consultant working on this project. David let me know you've worked with him before. They need access to some of the raw data you collected during Phase 1 and will be contacting you shortly.

EMAIL FROM EXTERNAL SENDER

Cheryn,

Your information was forwarded to me by the EPA in regards to the Lowerline Radiation Assessment/Removal. We are contractors for the Response and Removal Branch and they have tasked us to develop an assessment plan for the project. From what I understand, the DOE referred the site to the EPA. I was forwarded an email you had sent to Mark Scheuer on 2/26/19 and we have reviewed the information attached to the email. The EPA has asked us to reach out to the City in order to coordinate efforts and request additional data from the previous removal and assessment.

Please give me a call at your earliest convenience.

David
